SUPERINTENDENT'S REPORT

To the School Board and Citizens of Swanzev :

I have the honor to submit, herewith, my thirteenth annual report.

BUILDINGS AND GROUNDS: According to the vote on Article 9 in last year's warrant, flush toilets and drinking fountains were installed in the Wilcox School. The moderator appointed Leon Taylor, Howard Stone and Mrs. Boyer as a building committee to act with the School Board. This committee and Mr. Small of the School Board gave unstintingly of their time and talents to the completion of this project. Then, Keene City water came to North Swanzev and it seemed to the Board that it would be acting in the best interests of the District if the Hopkins School was connected and flush toilets and drinking fountains were installed there.

Smith System chemical toilets were also installed in the Westport School. Now, all of the schools in use are equipped with modern sanitary toilet facilities which I consider a major accomplishment, not only from the standpoint of hygiene but also of morals.

TEACHERS AND PUPILS: School opened in September with five new teachers on the staff, a larger turnover than we have experienced in many years. At the Cutler School, Miss Marion Molloy who had served as primary teacher for nine years resigned because of conditions in her home. Mrs. Mildred Weston of Hancock, New Hampshire, a graduate of Keene Normal School with several years experience, was elected to succeed her.

Miss Laura McQuide, seventh and eighth grade teacher in the Cutler School, resigned to take a high school position in

Winchester. Her place was filled by Miss Thelma Dickinson of Winchester, a graduate of Keene Normal School in 1936.

To fill the vacancy in the primary room at the Hopkins School, the Board elected Miss Natalie Hopkins of Manchester, New Hampshire, a graduate of Plymouth Normal School, 1937.

At the Wilcox School, Miss Priscilla Fay resigned to take a junior high school position in Springfield, Vermont. Miss Jane Langer of Manchester, New Hampshire, a graduate of Keene Normal School in 1937, was elected.

Miss Lillian Burt, for three years teacher of the primary room at East Swanzey, resigned to accept a position in Keene. Her position is being filled by Miss Ruth Hoey of Gonic, New Hampshire, a graduate of Keene Normal School in 1937.

Thus has the staff been recruited.

Because of the small number of pupils in District Number Nine, it seemed best both for the educational interests of the children and for economic reasons to close that school and transport the children to the Wilcox School.

It may be of interest to compare the cost of education in Swanzey with that of the whole state. In 1936-1937, the median cost per pupils in elementary schools in the state was \$77.16; in Swanzey it was \$55.44, or \$21.72 less per pupil than the state median.

FINANCES: Last year, the District raised \$20,782 for the regular budget, \$2,000 for new toilets and \$500 for payment on the debt, or a total of \$23,282. This year, the Board recommends an assessment of \$21,568 which includes \$500 for debt retirement. But, in this connection, attention is called to the fact that because the last General Court failed to appropriate sufficient funds to cover approved state aid budgets, a pro rata reduction had to be made in all such budgets and so our allotment from the equalization fund has been cut from \$6,000 to \$5,717, or a loss of revenue from that source of \$283.

With grateful appreciation of the unvarying help I have received from the School Board, the teaching staff and the citizens of Swanzey, I respectfully submit this report.

WESLEY H. DOUGLASS,
Superintendent of Schools.

February 15, 1938.

“The public school is the positive and definite measure of a community’s awareness of parental and civic responsibility and obligation. Let us build for our children school homes that are clean and safe, symbols of our hopes for them and our faith in the future of the community. The investment made in school buildings is returned many fold in human dividends, for the personality of children reflects the refinement with which it is surrounded. The school lifts the level of mankind’s ideals through the wholesome physical environment it provides as well as through its rich intellectual and spiritual life. Fortunate is the child who can have daily contact with good taste in his school home. Order, quiet, beauty, good equipment, play space, work rooms, gardens, safety, fresh air, abundant light, and cleanliness are as important for the school home as for the parental home. The beauty of the modern school is not achieved by extravagant ornamentation. Careful planning may produce architectural balance, grace and symmetry in outline, harmony in color, strength and dignity of material with an economy that is consistent with the ideals of thrift and simplicity of living which it is the purpose of education to instill.”
